### VALUE ADDED COURSES - Minutes

Value Added Courses are very important to bridge the gap between the academic and industry needs. These courses which help a particular individual to develop their own skills in their chosen field of the study are conducted by professionals and industry experts. They help students stand apart from the rest in the job market by adding further value to their resume.

A meeting was conducted on 09-12-2023 at 10.30am in the Department Office to discuss the various points about Value Added Courses.

#### **I. Members present:**

1. Dr.A.Meenakshi, Head & Professor
2. Value Added Course Co-ordinators
  - a. Dr.G.Nirmala, AP-CSE
  - b. Dr.G.Uma Maheswari AP-CSE
3. Three Member Committee
  - a. Dr.R.Muthuselvi Prof-CSE
  - b. Dr.P.Praveen Kumar AP-CSE
  - c. Dr.G.Nirmala AP-CSE

#### **II. Agenda**

1. Guide lines for Value Added Courses (VAC)
2. Faculty members' domain of interest and Students' options
3. Identification of Value Added Courses and Trainers from Industries

#### **III. Minutes**

##### **1. Guidelines of VAC are discussed.**

- The students may optionally undergo value added courses offered by experts from industry / other institutions (Academic / Research) / institution faculty on specialized topics.
- Every 15 period course will be given 1 credit.
- If the value added course is a theory, then the contact hours in a day shall not exceed four periods.
- The courses shall be conducted without affecting the regular academic schedule.
- Candidates can complete such courses during 3rd to 8th semesters as and when these courses are offered by departments.

- A candidate will also be permitted to register such course offered by other departments.
- The Department / Course in-charge / Faculty / Expert concerned shall conduct one assessment at the end of the course
- The Head of the Department shall form a committee to monitor the progress of the course.
- Candidates can take a maximum of two one-credit courses / one two- credit course during an academic year if offered.
- Credits earned under this category will be over and above the total credit requirement as prescribed in the Employability Enhancement Courses category excluding the actual credits required for project works.

## 2. Faculty members' Domain of interest and Students options are obtained.

- Faculty members' domain interests are obtained and various courses are suggested. Options from III year students are obtained based on their suggestion.
- According to the meeting Conducted, 7 courses were identified such as
  - Data analytics using R Tool
  - Ethical hacking
  - Microsoft Azure fundamentals
  - Software Testing Tool (Selenium)
  - Chatbot creation using Django framework
  - UI / UX( User Interface / User Experience)
  - Hibernate and Spring frame works
- The information about the courses was given to the students to know their option of interest and a form was generated to receive their responses.
- According to the responses received from the students 4 courses were primarily identified such as
  - Ethical Hacking
  - Advanced Java Programming
  - Microsoft Azure Fundamentals
  - Data Analytics using R
  - Django Frameworks
- The faculty coordinators are nominated for each course in accordance to their interest shown. The list is shown as follows:
  - Ethical Hacking Co-ordinators (Mrs.R.Indhuja and Mrs.K.Indumathi)
