Summary Report

The Department of computer science and engineering organized a "Hands-on workshop on Building Responsive websites using Bootstrap 5". The session started with welcome address by Dr.A.Meenakshi Head of the Department. Totally 53 students participated in the workshop. The workshop was conducted by the Mrs.B.Santhi Priya AP/CSE, KCET.

A very worthwhile and a timely workshop for the III Year CSE students is scheduled for one session on 16.08.2022. The resource person is conducted the Hands on session and she was insightful, informative and so uplifting. The students have been delighted with Mrs.Santhi Priya's teaching.

The instructions were very informative, the interactions and input from the resource person made the experience richer. The students got a chance to learn the create responsive websites using Bootstrap. Since the 3rd year students are learning Internet Programming using HTML and CSS in this semester, they had good opportunity to learn some advanced concepts in website design. The session was a great learning experience to the students. Overall they had an opportunity to brush up their knowledge in Responsive websites using Bootstrap.

REPORT

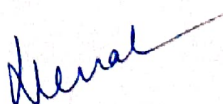

The Department of Computer Science and Engineering in association with Indian Society for Technical Education is organized a One Day Workshop On “Getting Familiarize with GIT and GITHUB”(A Hands on Training) for the Third year CSE & AD Students .

Dr.A.Meenakshi Prof&Head Department of CSE,welcomed all the participants for the workshop.The principal Dr.S.Senthil,motivated the participants for self learning and upgrading themselves through such online workshops or courses.Mrs.R.Indhuja Assistant Professor-CSE,introduced the Resource Person of the workshop.The resource person Mr.D.Samuel Rajan DevOps Engineer,explained the fundamentals of GIT and the difference between GIT and GITHUB.He briefly explained the concepts of Version control, GUI usage, Command line usage with hands on training.

GITHUB is a web based Git or version control repository and internet hosting service.It is mostly used for code.It offers all of the distributed version control and source code management functionality of Git as well as adding its own features.It provides access control and several collaboration features such as bug tracking,feature requests,task management and wikis for every project.GitHub offers both plans for private and free repositories on the same account which are commonly used to host opne source software projects.

Totally 50 students from Third year CSE & ADS attended the workshop and got benefitted. Finally Mrs.K.Indumathi,Assistant Professor - CSE delivered a vote of thanks .

The Department of Computer Science and Engineering in association with Computer Society of India organized a Guest lecture on "Cloud computing with AWS" for III year and IV year students of CSE & ADS.

Dr.A.Meenakshi, Professor and HOD of CSE department, welcomed all the participants for the guest lecture. Mrs.X.Ignatius Selvarani , Assistant Professor, CSE department introduced the resource person Mr.G.Thirupathi Rajan. He explained the basics of cloud computing and also the technologies used in Amazon Web Services (AWS). In AWS, various services models like PAAS, SAAS & IAAS has been explained by him along with real time applications. By Amazon's massive infrastructure you can able to compute and storage resources when you need them. Totally, 59 students attended the guest lecture and got benefitted from the same. Finally Mrs.J.Lavanya, Assistant Professor, CSE department delivered the vote of thanks.

Programme Summary

Department of Computer Science and Engineering organized a workshop entitled **Automated Testing using Selenium** through CYBERHEFT Association on 14-10-2022 for third year CSE students.

The program was started with Tamil Thai Vazhthu. Welcome Address was given by Dr.A.Meenakshi, Prof & Head-CSE. She introduced the resource person, Mrs. Mrs.B.Santhi Priya, AP/CSE to the audience. Thirty nine students those who are interested to participate in the program.

The resource person highlighted the importance of software testing using selenium. She explained with the various web applications using selenium. She demonstrated how to configure Selenium and the process of creating and modifying automated tests. The role of selenium in designing automated tests so they are maintainable and reusable in a test automation framework was demonstrated. Students participated enthusiastically. The class was highly interactive. Each student created test cases for an application as per their wish.

Dr.G.Nirmala, Assistant Professor-CSE delivered the vote of thanks. With National Anthem, the program concluded smoothly.
